INDC: OUR PLEDGE TO THE WORLD

IN REDUCING CARBON EMISSION

unconditionally

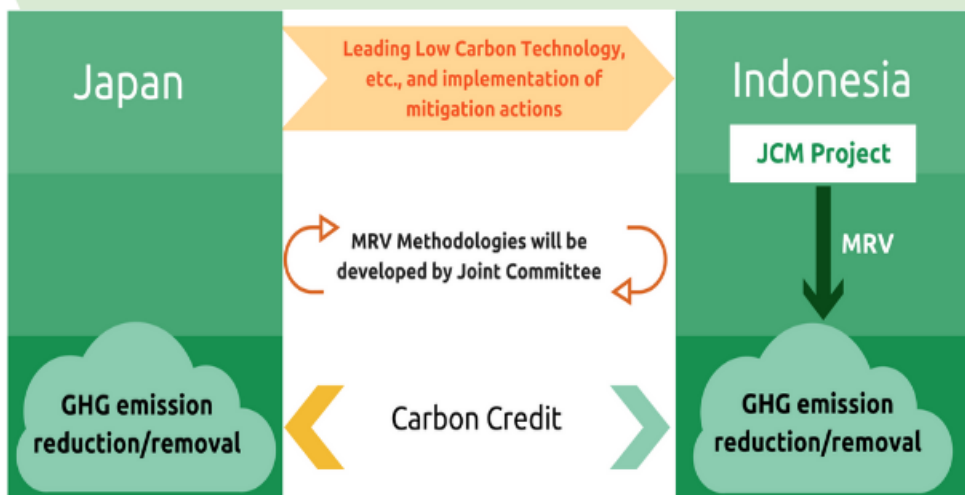

with foreign support

3 YEARS BILATERAL PARTNERSHIP WITH JAPAN FOR JCM

The Joint Crediting Mechanism or JCM provides a unique collaboration between grant, investment and low carbon-growth.

NEXT STEPS

1 Improve and strengthen our activities based on environmental conservation and natural resources

2 Implement our commitment to low carbon growth and climate change adaptation

3 Strengthen and deepen our partnership with an aim of making it a reference to further actions on emission reduction

4 Making this partnership favourable to investment and to business-to-business cooperation
