JICA-CMEA Cooperation Project on JCM and Low Carbon Development

Jun Ichihara, JICA Expert/Chief Adviser
Project of Capacity Development Assistance for
Low Carbon Development in the Republic of Indonesia
(JICA-CMEA Project)

29 August, 2016, Jakarta

JICA and Climate Change

- JICA is implementing agency of Japanese Official Development Assistance (ODA). JICA is in charge of all ODA such as technical cooperation, ODA loans and grant aid in an integrated manner
- JICA is the world's largest bilateral aid agency, working in over 150 countries and regions
- One of JICA's missions is to “address the global agenda” including climate change

In Indonesia

- JICA has been conducted more than 5 technical cooperation project and other cooperation (i.e. CCPL) on climate change mitigation and adaptation since 2008
- JICA's Technical cooperation projects have supported JCM implementation since 2013

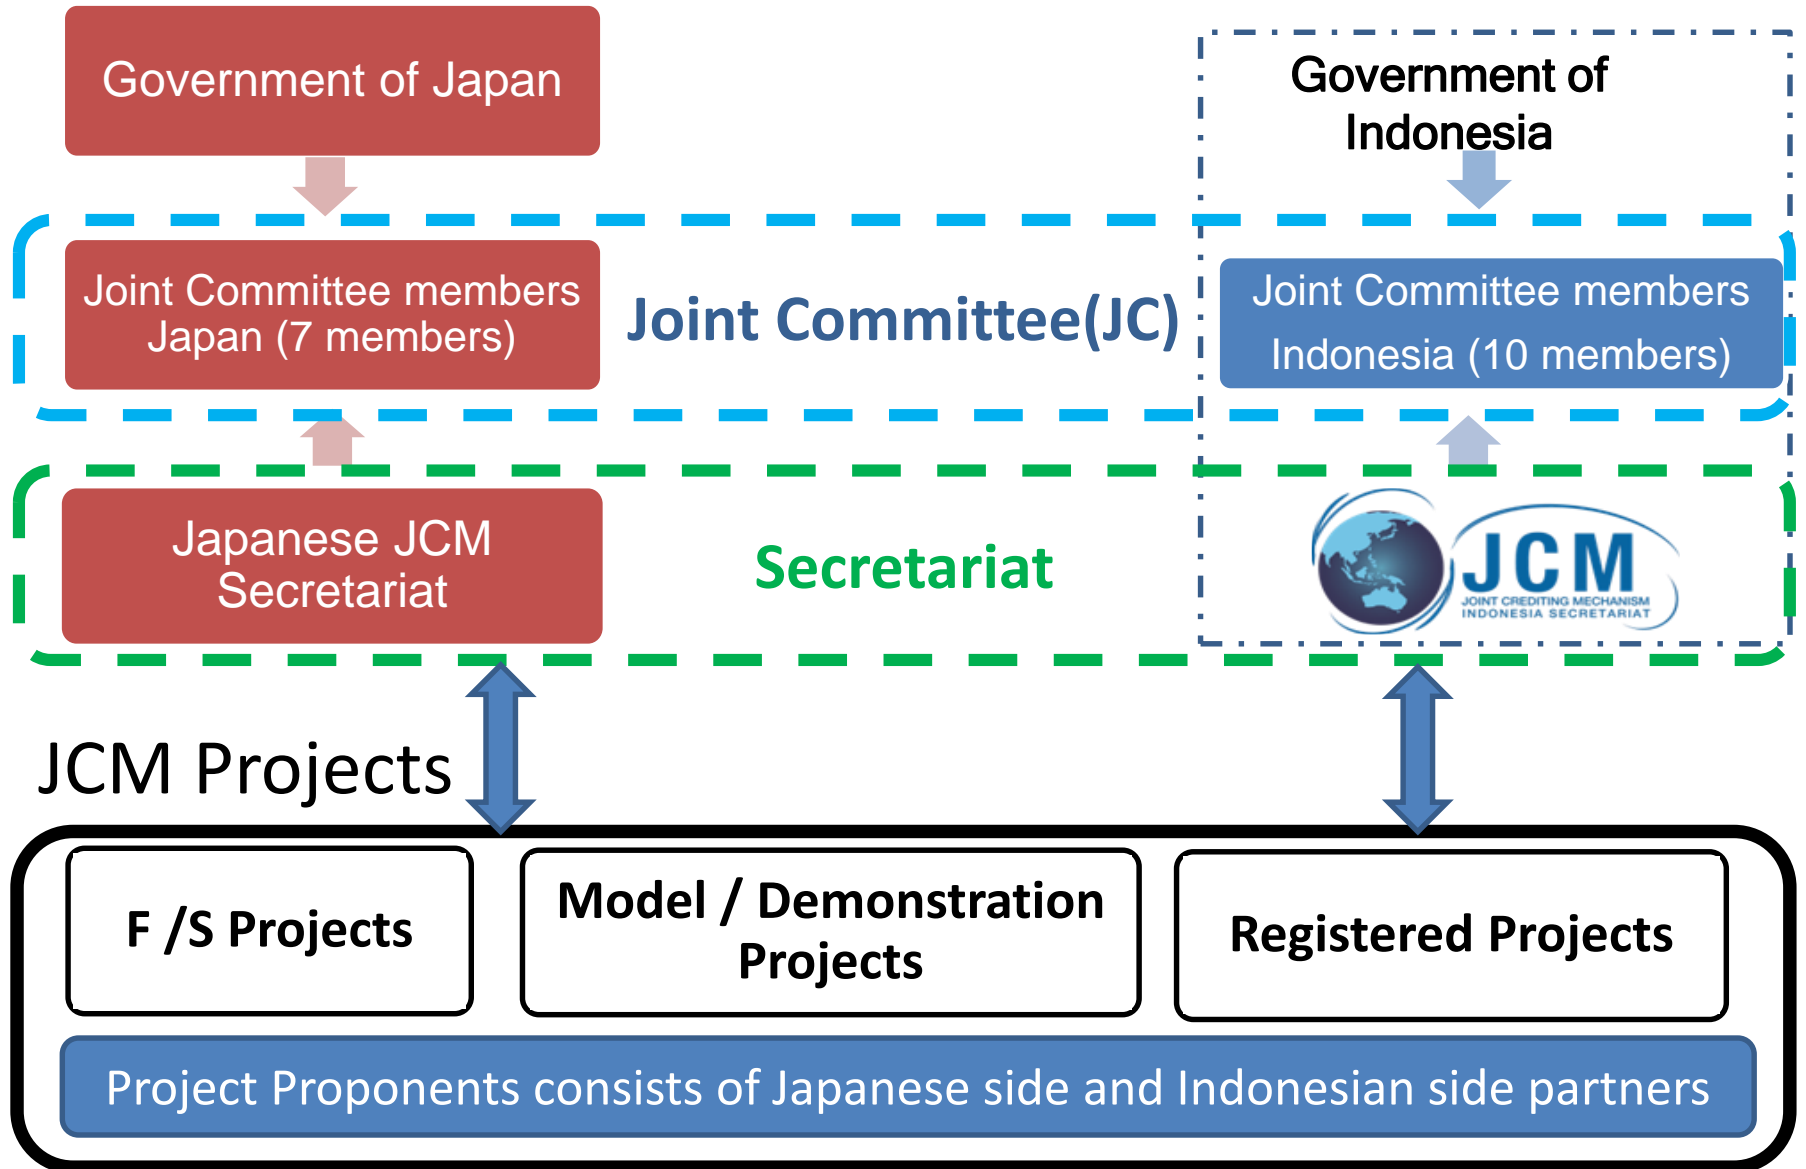

Overview: JICA-CMEA Project

Cooperation between: Coordinating Ministry for Economic Affairs (CMEA) and Japan International Cooperation Agency (JICA)

Project Term: May 2014 – Dec. 2017 (3.5 years)

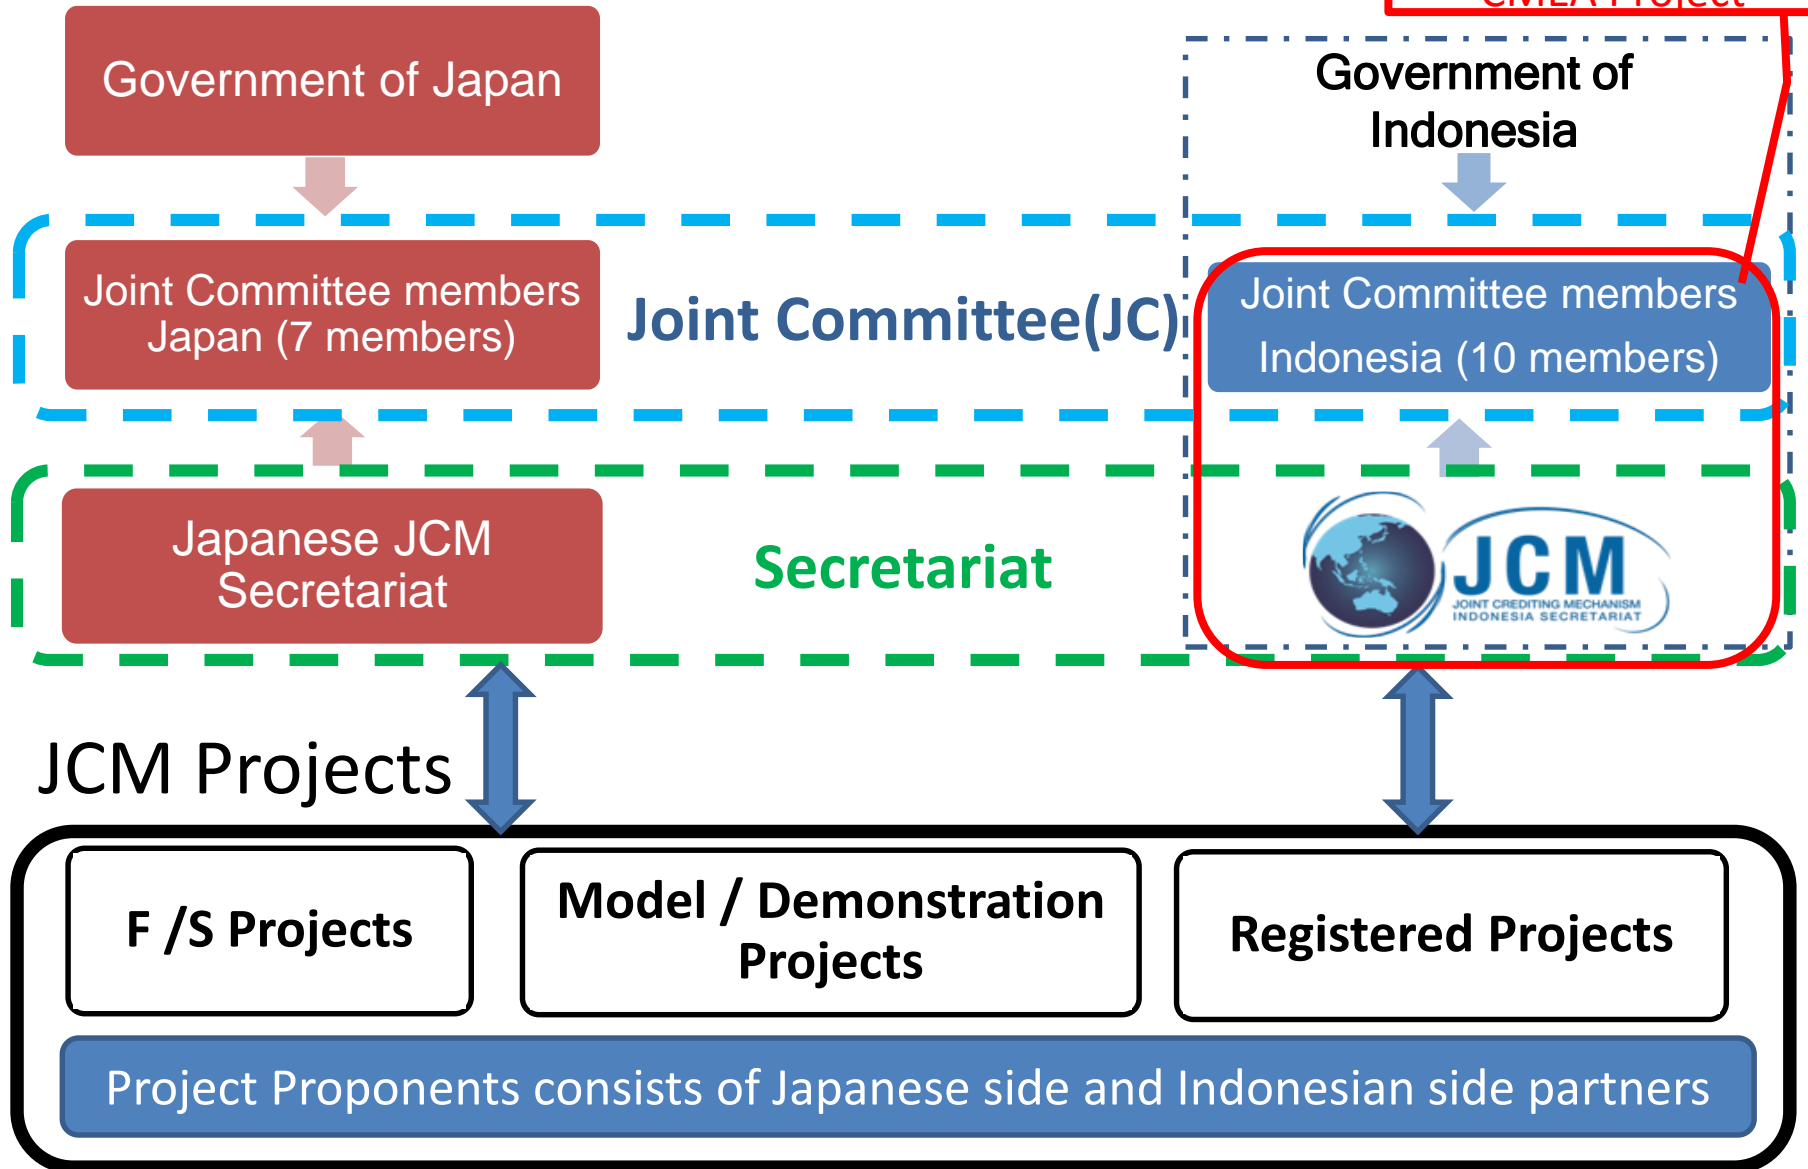

Objectives: Promote low carbon development by strengthening capacity to effectively perform and implement JCM in Indonesia

Joint Crediting Mechanism

JCM and JICA-CMEA Project

Counterpart members of JICA-CMEA Project

Overview: JICA-CMEA Project

Objectives: Promote low carbon development by strengthening capacity to effectively perform and implement JCM in Indonesia

Major Activities:

1. Operationalize JCM Indonesia Secretariat
2. Enhance the capacity to monitor and evaluate the implementation of JCM
3. Promote JCM for low carbon growth to potential project proponents and other related parties/stakeholders, and enhance their capacities
4. Enhance additional capacities to assess policy issues relevant to JCM for low carbon growth

Main Functions of JCM JC and Secretariat in Government of Indonesia

Development of guidelines, rules and methodologies

Administer JC meeting and JCM process

Capacity Building and Outreach

Facilitation of Projects Development

Monitoring and evaluation

Reporting of JCM activity progress

Policy Assessment by JC

Stipulated in
CMEA
Decree on
JCM

Relation of **Main Functions** of JCM and the **CMEA-JICA Project**

Development of guidelines, rules and methodologies

Administer JC meeting and JCM process

Capacity Building and Outreach

Facilitation of Projects Development

Monitoring and evaluation

Reporting of JCM activity progress

Policy Assessment by JC

Supported by
JICA-CMEA
Project

Relation of **Main Functions** of JCM and the **CMEA-JICA Project**

(Technical Support for) Development of
guidelines, rules and methodologies

Activity 1

(Support for) JC and JCM process

Capacity Building and Outreach

Facilitation of Projects Development

Monitoring and evaluation

Reporting of JCM activity progress

Policy Assessment (mainly for JC and CMEA)

Activity 2

Activity 3
