

Seminar on Climate Actions and the Joint Crediting Mechanism in Indonesia

Hotel Aryaduta Tugu Tani, Jakarta | Thursday, 7 February 2019

Objectives of the seminar:

- To share updates from COP 24 in Katowice, Poland and Indonesia's climate policies.
- To disseminate information on the role of market mechanisms, including the Joint Crediting Mechanism (JCM), in supporting low-carbon development of Indonesia.
- To share policies to support climate actions in Indonesia and experiences from climate actions in the energy sector and city-to-city cooperation, including those implemented under the JCM.
